To Jackie and the Team at Grampian Fire & Safety

At Aberdeen Chiropractic Clinic we take very seriously all aspects of health and wellbeing, so we are particularly pleased to have had the fire risk assessment done and we are confident that now we have started to make, with your help, the appropriate changes we will raise the standard of safety in the clinic.

We were incredibly impressed with the professionalism and the attention to detail that you have given us.

I would not hesitate to recommend your services to anyone with a home or business.

Yours sincerely
