Dear Jackie

**Fyfe Moir & Associates – Fire Safety**

When we appointed your company to look after our safety issues we were conscious that we did not know enough about safety regulations. What we did not fully comprehend until after you had carried out work for us, was just how little we did know. With the knowledge that for example, Grampian Fire Brigade could turn up unannounced at company premises and immediately close a building which was not fire compliant, we were very happy to take all of your advice and to receive regular “check ups”. A loss of even one day’s operations would have serious ramifications for our business.

I will have no hesitation in recommending your services in the future to my clients, contacts and friends.

Kind regards  
Yours Sincerely  
For and on behalf of  
Fyfe Moir & Associates

Alan Moir
